
TorchTools

Release 0.1.5

Apr 15, 2021

Contents:

1	Callbacks	3
2	Interfaces	5
3	Training	7
4	Utils	9
5	Readme	11
5.1	Installation	11
6	Quickstart	13
7	Documentation	15
7.1	Demo	15
7.2	Contributors	15
8	Changelog	17
9	Indices and tables	19

There is a lot of undocumented content! Browse the code.

CHAPTER 1

Callbacks

CHAPTER 2

Interfaces

CHAPTER 3

Training

CHAPTER 4

Utils

A library of helpers for PyTorch.

Michaël Gharbi <mgharbi@adobe.com>

5.1 Installation

From pip: `pip install torch-tools`

From source: `python setup.py install`

CHAPTER 6

Quickstart

To quickly get up and running, use our repo initialization script. In your command line, simply run:

```
ttools.new
```

This will prompt you to give a name to your new project, and create the necessary files and folders for you.

The documentation webpage can be found *here* <https://torch-tools.readthedocs.io/en/latest/>

7.1 Demo

For a simple demo, look at the MNIST example in *examples/train_mnist.py*:

```
python examples/train_mnist.py data out
```

7.2 Contributors

Dima Smirnov implemented the tensorboard hooks and callbacks.

CHAPTER 8

Changelog

No changelog.

CHAPTER 9

Indices and tables

- `genindex`
- `modindex`
- `search`
